

## INFORMED CONSENT FORM

Our names are David Carbajal and Nathan Martinez, and I am a proctor at California State University, Chico, Computer Science Department. You are invited to participate in a research study about a future application used to send files.

If you volunteer, you will be asked to walkthrough of a prototype of a future web extension, which will take about 10 minutes.

If you agree to participate, you can stop at any time. This study may expose you to minor risks, but they are not expected to be any greater than risks you experience in daily life. The benefit to this research is improving the experience of yourself and other users in the future.

I intend to publish or present my results. I am not collecting information that can identify you. I will destroy the data at the end of this semester.

If you have any questions about the research, please contact us at [njmartinez2@csuchico.edu](mailto:njmartinez2@csuchico.edu) [dcarbajal3@csuchico.edu](mailto:dcarbajal3@csuchico.edu), or [kbuffardi@csuchico.edu](mailto:kbuffardi@csuchico.edu) .

Your participation implies that you have read and understand this information and that you may stop at any time without penalty.
